- **Programming Languages:** C++, Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Deployment Platforms:** Netlify, Vercel
- **Tools:** MS Office, Git
- **Operating System:** Windows

PROJECTS

Personal Portfolio - adhii.click | <https://www.adhii.click/>

- Designed a personal portfolio site to showcase skills, projects, and contact information.
- Focused on clear section hierarchy, smooth navigation, and mobile responsiveness.

SV Creations - Business Portfolio Website | <https://svcreations.netlify.app/>

- Built a responsive business website for SV Creations showcasing services using HTML and CSS.
- Implemented mobile-friendly layout with clean typography and smooth navigation experience.

Ram's Dental - Clinic Website | <https://ramsdental.netlify.app/>

- Developed a static dental clinic website with service listings, contact details, and location info.
- Used semantic HTML and accessible CSS to clearly present information to patients.

IronForm – Website for Gym | <https://ironform-kappa.vercel.app/>

- Created a GYM web app deployed on Vercel with structured input fields and intuitive UI.
- Applied responsive design principles for consistent experience across different screen sizes.

Jeeva Fencing - Business Website | <https://jeevafencing.in/>

- Built a professional website for a fencing service business to display services and contact options.
- Delivered a clean business layout with strong calls-to-action and service highlights.

Bus Bot AI - AI-Powered Web Application | <https://bus-bot-ai.vercel.app/>

- Developed and deployed an AI-based web app on Vercel featuring an interactive chat-style interface.
- Gained hands-on experience integrating AI capabilities into a modern serverless web deployment.

TRAINING & CERTIFICATIONS

- Frontend Web Developer Internship at Novi Tech (September 2023 - 1 month).
- Certified in Selenium Tool - Karpagam University.
